Single G. Wins \$5,000 Stake With Ease

Indiana Horse Outclassed Everything in Chamber of Commerce Event for 2:07 Class Pacers-Largest Number of Starters for M. & M. \$10,000 Stake for 2:08 Trotters.

Detroit, Mich., July 27.—The Cham- | SECOND AND THIRD ROUNDS er of Commerce \$5,000 stake for 2.07 class pacers, with 14 starters-th largest in its history—proved easy picking for Single G., the sensational Indiana horse, this afternoon. to the going after one heat had been run off.

In the first heat of the big race Hal Boy, Hal S. and Camelia were in front in the order named until the last turn of the track, when Gosnell, who had held Single G. in fourth place, came through with a rush and finished eased up. Single G. took the lead starting the second heat, yielded it for a time to dai S., went ahead when ready and was half a length in front of Judge Ormond at the wire, the latter coming out of the bunch under the whip to get second place by a neck from Rastus. In the third heat Single G. was always in front.

Russell Boy, by continual breaking, delayed the start of this race for nearly half an hour. He acted so badly that the judges thought another driver might improve his chances, and Geers was substituted for McDaniel after the second heat. He did no better for the veteran, however.

MARKET SHOWED STRENGTH.

There Was a Reawakening of Activ-

ity in the Railroad Shares.

New York, July 27.—The demand for stocks broadened today and the market gave the best exhibition of sustained strength which has been witnessed in some time. Of particular significance was the re-awakening of activity in the railroad shares. The duliness and heaviness of these stocks of late, together with reports of diminishing earnings and the possibility of dividend reductions in some instances, have constituted one of the most unfavorable aspects of the situation. Today, however, a wave of optimistic feeling pervaded all quarters of the market and the railway issues gradually came into the lead

The rise began with a further mark-

The rise began with a further marking up of the war stocks, several of which again made high records. The buying movement spread to other specialties, with speculation restricted largely to the industrials during the morning. In the afternoon, however, buying shifted to the railroad stocks and in the last part of the day the buoyant rise in these issues was the most dominant feature. Even the war stocks were almost neglected in the comprehensive movement through the

most dominant feature. Even the war stocks were almost neglected in the comprehensive movement through the railroad list. St. Paul was lifted 5 1-2, Canadian Pacific 5 and a large number of others from one to four points. Among the industrials Bethlehem Steel rose 29 points to 250, the preferred three points to 142, Crucible Steel 6 points to 51 1-2; Baldwin Locomotive 2 1-2 to 65; Can 1 5-8 to 61 7-8 and Allis Calmers preferred two points to 68 1-4, all new high records.

The rise was assisted by a considerable increase in commission house buying. Added impetus to the movement was given by the inferences drawn from the conduct of the market yesterday. The sharp recovery from the break on the torpedoing of the American steamer Leelanaw was interpreted as an indication of underlying strength. Buying of railroad stocks was prompted by an evident scarcity of these shares, and by rumors of a grant of rate increases to the western roads.

There was beavy buying of steel in

more of a grant of rate increases to the western roads.

There was heavy buying of steel in anticipation of a favorable quarterly statement. This expectation was realized fully when the statement appeared after the close. Total earnings, as had been predicted, were more than twice those of the preceding quarter, amounting to \$27,950,055, as compared with \$12,467,309 three months ago. After deducting the dividend of 1 3-4 per cent. on the preferred stock there was a surplus of \$8,267,645 as against a deficit of \$5,389,861 for the first quarter of the year.

Bonds were irregular. Total sales, par value, \$2,900,000.

AT LONGWOOD TOURNAMENT. Rank Players Not Seriously Pressed for Survival.

in the opening rounds of the eastern doubles lawn tennis championship to-day.

In most matches of the singles ranking players were not seriously pressed for survival, although G. H. Wightman forced G. P. Gardner, Jr., the state champion, to five sets before succumbing, and I. C. Wright lacked only one or two points for victory over W. M. Washburn several times, wilting as the latter stiffened his game. R. Norris Williams, 2d, the national champion, won two sets from D. S. Watters of New Orleans in beautiful form, but when he slowed down somewhat the southerner pushed him to 18 games before the third set was decided.

The defeat of F. J. Sulloway and R. C. Seaver by G. H. Nettleton and F. E. Cole of Hartford, Conn., was the only surprise of the doubles competition. The score was 2-8, 6-4, 6-2, 9-7.

was substituted for McDaniel after the second heat. He did no better for the veteran, however.

The 2.05 pace went four rather slow heats before Lella Patchen was returned winner. Baron A was the contender and the horses were well bunched at the end of the round.

Lou Jennings won her seventh race in six weeks when she captured the 2.13 trot in straight heats. Ther was no doubt about her ability to win. She went out in front right at the start of each mile and never was headed.

Jean and Hedgewood Patchen had a pretty race in one heat of the 2.22 pace which preceded the rain, alternating in the lead until Murphy sent his mare ahead to win in the last hundred yards.

Fifty-one horses were named tonight as sure starters in tomorrow's four events, the chief of which is the M. & M. \$10,000 stake for 2.08 trotters, with 13 to go.

Kansas City American association club on Saturday and reported to Fielder Jones in spite of the attempt of a Missouri sheriff to serve injunction papers. When President Johnson of the American league was asked in Chicago what he had to say regarding the Feds' latest raid he replied:

"The Federal league asked Judge Landis to prevent just such tactics. They prayed for an injunction restraining organized baseball from intertaring with their players. It is a matter of record that organized baseball has refused to tamper with the Federal league's men, thereby showing our respect for the court. Without waiting to hear the result of their suit, however, the Feds are now going out to sign our players, regardless of contracts. No greater breach of good thith in baseball could be imagined. It surely is fine business.

"I will say, though, that the Feds will find it difficult to obtain the services of first class players. All of our valuable men are bound by long contracts. For that matter I do not believe many capable players will be so foolhardy as to desert their present employers. The Feds can offer nothing in the way of guarantees for the future of their league and I repeat that they have no chance to succeed. The attendance at their games is so meagre that some of the clubs are unable to pay their hotel bills without digging into their pockets. The baseball public this year has refused to regard the Feds seriously.

"There may be no compromise, no matter how much the Feds may bluff and boast. The fight, already won, will continue until the opposition is forced to quit."

ferent. The batters for the most part are strangers to the big Indian. He hasn't got their "measure" as he had of the batters in the American league, therefore the Chief has to experiment and the experiments have proved costly. The Chief's showing in the Federal league has been miserable in comparison with his showing in all the years he was pitching star baseball in the American. BROOKLYN GOING STRONGLY.

something nearer their true hitting stride, while no club in the National League is better fortified with pitchers. Baseball is uncertain, but it seems absurd to hold a team lightly which has been playing so strongly and consistently for the last three weeks.

Chance For a Long Root, It looks at this writing as if the National League pennant will be won cheaper this year than ever before. What is true of the Phillies also is what is true of the reams, six at least, of which appear to be real contenders for the right to play in the world's series. It is still my contention that the Giants are as well, is not better, equipped than any other club to maintain a pace that will insure two victories out of three for the rest of the pitching, but any sort of general settling in this department will mean another fling at the Boston Red Sox, or possibly the Detroit Tigers or the Chicago White Sox. The rece, all thongs considered, is quite as open as it was on April 15, so that everything depends on which team can jhold up a pace that has been much slower than usual. There is reason to expect as much of the Giants as of the Phillies, the Superbas, the Cubs, the Cardinals, the Pirates or the Braves, so there is true of the other teams, six at least, the Pirates or the Braves, so there is a long root ahead.

Walsh Will Coach Yale Pitchers. The Yale baseball club will again have the valuable services of Ed Walsh, the famous White Sox hurler, Walsh, the famous White Sox hurler, as coach of the twirlers at old Ell next season. Some years ago Walsh served in that capacity under the Lush coaching regime, but, following the inauguration of the graduating system, his services were dispensed with. The return of Walsh to the fold of the wearers of the blue will mean much to good old Yale and a more dependable hurling staff may be looked for. Walsh will join the staff as soon as indoor practice strats in the spring, and remain with the men as late as possible. University men declare that Harvard will have to stand to her laurels next will have to stand to her laurels next season if she succeeds in besting the Yale club under its new pitching
